Profile

I have more than 6 years of experience as part of national and international companies, where I have worked as a Software Developer, both as **Web**, **Mobile**, **FrontEnd** and **Backend**, using modern technologies such as **ReactJs**, **React Native**, **Vuejs**, **Html5**, **Css3**, **Laravel**, **NestJs**, **ExpressJs**, **InertiaJs**, **PostgreSQL**, **Mysql**, **MongoDB**, **Docker** among many others

Employment History

Software developer, AUTODIDACT, Granma - Cuba

March, 2012 - July, 2013

I develop a Software for student control, in the **PHP** language using the **CodeIgniter Framework**, reaching awards at the international event **Pedagogía 2013**

Software developer, CEDIPAD, Habana - Cuba

Jun, 2020 - Feb, 2021

In this position I worked as a SoftWare developer in the **PHP** language with the **Laravel Framework**, where I had the opportunity to develop applications used nationally in Cuba.

Software developer, AZORDEV, Colombia

Dic, 2021 - Jun, 2022

SoftWare developer with the **JavaScript** language, using the **ReactJs** and **React Native** library as work tools, where international level applications were created.

Tech Leader, AZORDEV, Colombia

Jul, 2022 - now

In this position, I am in charge of a team of developers in **Vuejs**, **ReactJs** and **React Native**, where I guide them in the tasks to be developed within the company and I am also in charge of **reviewing** the code they carry out.
